Smart media, text to speech, webcasting, videoconferencing, enhanced imaging, smart interactive whiteboard software, interactivity and much more, it provides more flexible operation than existing whiteboards. Smart media and text-to-speech functions in IQAio GR519 infrared interactive whiteboard is very useful for educating and helping people. This unit enables users to make presentations with video, digital photo, and audio streaming. It is also capable of smart whiteboards, web casting, web conferencing, videoconferencing, and so on. Integrated multimedia features, it offers a lot of features like smart whiteboard, smart media, text-to-speech, web casting, web conferencing, videoconferencing, enhanced imaging, and much more, which provides much flexibility than existing whiteboards. Especially, it is easy for users to connect and share images, videos, documents, and even web pages on the same whiteboard and discuss things together. QUANTUM developed three infrared projectors that can be used to create a whole-room interactive presentation. With smart media and text-to-speech functions in IQAio GR519 interactive whiteboard, users can present and share photos, videos, documents and even web pages. The device can be directly linked to the network and can be accessed through a remote network login, whereas an application and a third-party software are not required. In the classroom and other collaborative workplaces, where people share photos and slides, IQAio GR519 Interactive Whiteboard can be installed in a large-scale business. Because the whiteboard has a wide viewing angle, multiple projectors and sensors can be installed in a large area. It is also suitable for various types of office, including education, business, and other workplaces where people share photos and slides. Besides, the smart board supports many features such as, smart whiteboard, smart media, text-to-speech, and web casting. Besides, the whiteboard supports many features such as, smart whiteboard, smart media, text-to-speech, and web casting. Smart media 82157476af
