Well to start off Wolves are just Freakin Awesome and making a game about them and being able to live as one is epic. Hearing about WQ3 has made this game hype. I love the pack hunting, protecting your pack from rivals and surviving the best you can in the wild 5/10-Controls-now with WQ3 coming out I am hoping theyu2019ll make the camera and controls way better. 6/10-Graphics- this version is out of date, but still a great experience and fun to play. WQ3 really looks beautiful and itu2019s release is right around the corner.. This game is great to play alone or with friends, I find it very fun hunting in the game because it takes a bit of skill. I also liked how you can choose what your wolf is like (with the strength, stamina, and speed sliders)..
